

Sembcorp Green Infra bags the prestigious ICC Social Impact award

Gurgaon, March 19, 2021: Sembcorp Green Infra (SGIL), the renewable energy arm of Sembcorp Energy India has been awarded the prestigious Indian Chamber of Commerce (ICC) Social Impact Award for the year 2021 in the Large Enterprise Category. The award recognised Sembcorp's efforts in creating a positive impact by 'Empowering the Rural Population' through its various programmes undertaken as part of the company's corporate social responsibility initiatives. The award was presented by Mr Nicholas Low, Deputy High Commissioner, British High Commission in Kolkata.

The award was presented to the SGIL team for its exemplary work done under the project Krishi Mitra - Agricultural Sustainability and Livelihood Generation by providing access to various sustainable agriculture practices and livelihood enhancement services within the farming communities around its operation sites. This project is aligned with the Prime Minister's Sansad Adarsh Gram Yojana (SAGY), an initiative aimed at promoting holistic rural development.

Rooted in our commitment to sustainability, Sembcorp works closely with its communities in India to improve the quality of life and empower them in an all-encompassing manner. Sembcorp continues to make a positive impact on its community through focused CSR interventions and programmes in the areas of education, healthcare, and skills development. Sembcorp's corporate social responsibility initiatives create a sustainable transformation and aid in India's commitment towards the United Nations' Sustainable Development Goals (SDGs).

About Sembcorp Energy India Limited

Sembcorp Energy India Limited (SEIL) is a leading independent power producer (IPP) in India. SEIL owns 100% of Sembcorp Green Infra Limited. It is a committed, long-term contributor to India's energy transition. It has a balanced portfolio of thermal and renewable energy assets totalling approximately 4.8GW capacity in operation and under construction, led by a strong management team with extensive experience. The company has a successful track record of identifying, developing and operating power generation assets across the thermal and renewable power sectors in India.

Sembcorp Energy India Limited is part of the Sembcorp Industries (Sembcorp). Sembcorp Industries is a leading provider of sustainable solutions, driven by its purpose to do good and play its part in building a sustainable future. Leveraging its sector expertise and global track record, Sembcorp delivers innovative solutions that support the energy transition and sustainable development. By focusing on growing its renewables and sustainable urban solutions businesses, it aims to transform its portfolio towards a greener future.

Sembcorp has a balanced energy portfolio of over 12,700MW, with more than 3,200MW of renewable energy capacity comprising solar, wind and energy storage globally. The company also has a proven track record of transforming raw land into sustainable urban developments, with a project portfolio spanning over 11,000 hectares across Asia.

Sembcorp is listed on the main board of the Singapore Exchange. It is a component stock of the Straits Times Index and sustainability indices including the FTSE4Good Index and the iEdge SG ESG indices.
